

ENCHUFES Y CABLES ESPIRAL

PLUGS & SPIRAL CABLES

Enchufes de remolque, cables en espiral, adaptadores, reductores de tensión y salvapicos.
Trailer connectors, spiral cables, adapters, voltage reducers and volt guard.

Construido con cable calidad ADR.
Made with ADR quality cable.

REDUCTORES DE TENSIÓN

VOLTAGE REDUCERS

SecoRöt®

Reductores de voltaje adecuados para conectar un remolque de 12V a un vehículo de remolque de 24V de forma simple. Conexión directa a la pïña. Son adecuados para todos los vehïculos.

Voltage reducers suitable for connecting a 12V trailer to a 24V towing vehicle in a simple way. Suitable for all vehicles

SALVAPICOS 12V/24V

VOLT GUARD 12V/24V

SECORÖT®

Protege toda la electrónica del automóvil de daños por picos de tensión, durante la realización de trabajos en el vehículo. Por ejemplo, la soldadura en la carrocería. Tensión de funcionamiento 12V y 24 V.

Protects all automotive electronics from damage due to voltage peaks during work on the vehicle. For example, welding on the car body. Operating voltage 12 and 24 V.
